### **Step 1. Document Preparation, here are a few options:**

1. **Do it yourself:** Forms are on the [TASA website](#) for free. Download the forms with the **correct Notary Block**. The Notary Block is the bottom part of the document where either a state of state notary (eg. Notary Public from a bank) or an Assembly Recording Secretary (which is a notary for the Assembly). (Either can notarize your documents.) **or,**
2. **Our website** also has the basic templates to correct your status and instructions on how to record and publish your documents, **or,**
3. **To avoid errors in your paperwork, do it right the first time!** We highly recommend a professional service by experienced ASN. **Max Taylor Jr.** is one. Quick turnaround! Includes a workbook and guide. Very low cost. Email him at: [maxetaylorjr@me.com](mailto:maxetaylorjr@me.com)

\*Please note that there are optional documents you may wish to do, such as the 928's, Declaration of Political Status, Baby Deed, Common Carry and [IRS Revocation](#) and are all listed on the [Tasa website](#). Learn about them and decide if you would like to do them with your basic paperwork and/or at a later time.

## **Step 2. Notarizing. Do not sign anything until you are in front of the notary.**

Make an appointment with either a Recording Secretary from our Assembly or a Notary Public.

- ☐ For the Witness Testimonies, you do not need you to be present at the notarizing. You can simply ask your witness to get the witness testimony notarized after filling out the middle section. You will need to affix your passport picture and fill out the top section with your name and address. The Notary will require a valid ID from your witness. Your witness will sign only in front of the notary. We recommend you use a Notary Public for these. Please read: <https://tasa.americanstatenationals.org/witness-testimony-in-the-form-of-an-affidavit/>

## **Step 3. Recording and Publishing:**

Once your documents are notarized you will then need to record and publish your documents on the public record.

**You have options there too!**

1. Record and Publish with the Assembly through the Federation's online public record system [LRO-Land Recording Office](https://members.americanstatenationals.us/), <https://members.americanstatenationals.us/> or
2. Record and Publish with [Global International: https://globalfamilygroup.com/lrps.html](https://globalfamilygroup.com/lrps.html)
3. Record and Publish with a State County Recorder. From a town hall.
4. Place an ad in a newspaper for 3 days, 3 times, with evidence of the each time it's published.

*\*please note if you choose option 3 or 4 you will not be a member of our Assembly but once your documents are on the public record, your status is corrected! If you would like to then join the Assembly, please contact us and send us a copy of your paperwork.*

Our Recording Secretary can also do remote witnessing and recording, to do so we will schedule a zoom video call and you will autograph(sign) your documents during the call, then mail us the documents with a postage paid-return self- addressed envelope and once we receive the documents, we will record and publish your paperwork with our Assembly and mail you back your original copies. **Please include a stamped Flat Rate USPS Priority Mail return envelope to send you all your original copies.**

## Autographing your documents

Documents need to be autographed in a special way as described below. As a American State National, you want to use the “By-Line Autograph” on everything you will sign. Read more about why [HERE](#)

**Note:** It is important to make sure you use **cursive writing** on these autographs, except for the Deed of Reconveyance or Deed of Conveyance, and the Declaration of 1779 where you will use **script writing** .

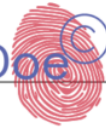

**All of the documents, must be autographed in front of a Notary or Recording Secretary.**

- **One Page Declaration aka 1779**— Based on the 1779 Naturalization Act, a simple requirement by which our Forefathers identified themselves as Americans - not Brits, nor French, nor Dutch. This is your opportunity to declare yourself as American. The 1779 is the fastest way to land in America. It reverses all presumptions being held against them and blocks any further interference by the "governmental services corporations" and their officers. Takes the essence of the 928 in all paragraphs. Choose the right version for you, if you are unsure which one to choose, contact a Recording Secretary or your State Coordinator. Autograph with your “by-line” in Script and **Blue Ink**.
- **Witness Testimonies** are filled out and autographed in **Blue Ink**. You need **2 different witnesses** who have known you for at least 7 years if possible and when describing the relationship, it shouldn't just read, “Mother” or “childhood friend.” Family members can be witnesses. If your mother, sibling, spouse, or friend will be filling out the form, a more meaningful explanation would be appreciated. It might say something like: “\_\_\_\_\_ is my lifelong friend of 40 years.” Or “\_\_\_\_\_ is my wife of 18 years.”

## Autographing Your Paperwork

**Autograph For:**

Deed of Re-Conveyance & Baby Deed Only Deed of Conveyance for Americans born overseas. (Military, Foreign-Born to American mother/father.)	<i>By: Jane Marie Doe</i> 
Deed of Conveyance & All Other Items **Except for the two Deeds above.	<i>By: Jane Marie Doe</i> 
1779 Declaration	<i>by: Jane Marie Doe</i> 

Place at the back, bottom, right side of each page on items being sent to the de facto.  
Add to any significant paperwork, especially those pertaining to International matters. (You may choose a higher denomination for those.)

## The 928's and other documents.

\*\* If your only plan is to operate in the status of an American State National the only requirement at this time is that you complete and publish on the public record: the One Page 1779 Declaration with the two Witness Testimonies. If you wish to participate in the reconstruction and join the Assembly, please complete the following documents also and file with The Connecticut State Assembly

- **Acknowledgement, Acceptance, and Deed of Re-Conveyance or Conveyance**

If you were born in the one of the fifty states of America autograph this document print with your full upper and lower case autograph but you must autograph it in **Red Ink**.

**Note:** If you were born outside of the fifty states of America and are a Naturalized Citizen then you will do the **Deed of Conveyance** and print your autograph this document in **Blue Ink**.

- **ACT OF EXPATRIATION AND OATH OF ALLEGIANCE**

Depending upon your situation and how many different last names you may have the number of these documents may vary. If you only have one last name you will have three with different variations. One without your middle name, one of your middle name as a single letter and one with your full middle name. If you have no middle name then you will have only one page of this document. If you only have a middle initial you will only have two of this document.

**Note:** You need to autograph these exactly as your name appears at the end of the line.

- **CERTIFICATE OF ASSUMED NAME**

This document covers UCC1 and UCC2. common law copyright and standing writ of habeas corpus. claiming all right and interest in all the different variations of your Given Name back to the day you were born and claiming their permanent domicile on the land and soil of the state where you were born; Autograph this document in cursive with your full upper and lower case autograph in **Blue Ink**.

- **Cancellation of All Prior Powers of Attorney**

This document, is here to remove, cancel, and revoke all prior Powers of Attorney you may have created in the past, thus taking back full control of any previous powers you may have given away, unknowingly or knowingly in the past. Autograph this document in **Blue Ink**

- **MANDATORY NOTICE — Foreign Sovereign Immunities Act**

This is a very important document if you need to go to court as it puts them on “**Notice**” of your status and jurisdiction. Read and understand what it says and what it imparts.

Autograph it with your full name, First, Middle, Last and make sure you fill in the day, month, and year above your autograph. You'll autograph in **Blue Ink**

- **Paramount Claim of the Life and the Estate**

This document is about taking possession of who you are and your DNA and everything related to you when you were born. It is who you were born as.

Autograph it in front of your Notary with your full name, First, Middle, and Last in **Blue Ink**.

**Important Note:** Always remember to place your red ink thumbprint at the end of your autograph making sure it covers the last couple of letters of your autograph. Do a few test thumbprints on scratch paper first as too much ink will just smear it. You only need enough ink to make a clear thumb print impression.
