Dear Attorney General William Tong,

It is apparent that you have not been properly informed:

1. All fifty of the properly qualified and declared State Assemblies are now in Session;
2. The Municipal title taken on our property is being dissolved. When that process is complete, the Connecticut State [Land Trust] will also collapse and revert to the People of this State;
3. The People you are addressing are State Citizens and State Nationals of Connecticut, the actual civilian owners of Connecticut;
4. We are not Territorial Citizens nor are we citizens of the United States; we are non-domestic with respect to you, your law, your functions, and your authorities;
5. We have never been involved in your Civil War, which is in fact an illegal mercenary conflict;
6. The other Principals responsible for exercising our delegated powers have received our mandate; our employees are not allowed to conduct warfare, including lawfare, on our shores;
7. Your Civil War is over; all presumptions otherwise are set aside;
